TAUGHT DEGREES
COURSE LISTINGS

Welcome

from Vice-Chancellor, Professor Paul Boyle

My very first academic role was as a young lecturer in the Department of Geography at Swansea University, and I can say with confidence that the quality of the education and of our nurturing environment here is hard to find elsewhere.

While our University has transformed since we were established over a century ago, we have retained our founding principles. We are a diverse and inclusive institution, and are proud of our staff and students from all corners of the world. We put our people first, and our students make an active and vital contribution to our vibrant and welcoming University community.

At Swansea University, we recognise the commitment and drive it takes to choose to undertake postgraduate study. In return, we are committed to providing academic excellence and a thriving, supportive research environment where our postgraduate researchers can make a real difference.

In the most recent Research Excellence Framework (2021), 91% of our research environment was rated world-leading and internationally excellent.

We are proud of our global recognition, having been ranked in the top 350 universities in the world in the latest QS World University Rankings; a testament to our academic commitment and excellence.

Our campuses' enviable position on the beautiful Swansea Bay provides easy access to the beach, and our Singleton Park Campus is set against a backdrop of rolling parks and botanical gardens. Together, these offer plenty of opportunities for social interaction within safe, open spaces in a small, friendly city.

Now more than ever, the wellbeing and success of every student is at the heart of all that we do. I hope that my faith in our University is clear, but don't just take my word for it – please explore our prospectus to find out more.

Discover Wales

DISCOVER SWANSEA

A land renowned for its sense of adventure, secret escapes, castles, mountains and of course, beaches. We invite you to get stuck in and discover your version of Wales.

Ystradfellte four waterfalls walk – Bannau Brycheiniog

SWANSEA AND THE AREA

Unwind on the Gower Peninsula, relax on award-winning beaches, or explore unspoilt countryside in the Bannau Brycheiniog National Park. Our region has some of the UK's best locations for coastal path walks, surfing, cycling, water sports, rock climbing and golf. From adventure sports to laid-back strolls on the beach, there's something for everyone.

MUSIC, FESTIVALS AND MAJOR EVENTS

Wales is famous for being the 'land of song'. As a student here, you won't be disappointed by the variety of music available across the city, from intimate live music venues to the Swansea Building Society Arena and including Tunes on the Bay, which attracts international acts.

Swansea also attracts a number of major annual events, including the IronMan 70.3, recently made a part of their Pro Series, with some of the world's best athletes in attendance, the Swansea Bay Air Show, often attended by the incredible Red Arrows, and the Swansea Bay 10k and Half Marathon races.

ARTS AND THE TALIESIN CENTRE

Swansea is a vibrant centre for art with the Glynn Vivian Art Gallery recognised as the city's premier venue. All national museums and art galleries in Wales are free to enter, so you can soak up some culture at your leisure.

The Taliesin sits at the heart of Singleton Campus, hosting regular shows, comedians and cinema screenings, and is home to the award-winning Egypt Centre, with a collection of 5,000+ Egyptian artefacts.

SHOPPING

Shop vintage and pre-loved in the Uplands, high-street brands in the city, independent boutiques in Mumbles, or explore Wales' largest indoor market if you're on the hunt for hidden gems!

Funding YOUR STUDIES

Swansea University is committed to rewarding its students in recognition of their academic and non-academic excellence, and offer a wide range of scholarships and bursaries to help towards the cost of study.

Income-related bursaries are also available, together with funding towards studying in another country if chosen as part of a degree programme.

For further information, to check your eligibility or make an application, please see the funding page.

FEES AND *Funding*

We commit to a significant investment in postgraduate education.

Our master's scholarships are available across all academic faculties and schools, and are advertised throughout the year, offering funding to UK and international students.

TUITION FEES

Tuition Fees are determined by the type of course you are undertaking, subject area and whether you are classed as 'home' or International for fee paying purposes.

You will be asked to pay your fees or provide evidence of your sponsorship before or during enrolment. You can find Tuition Fee details for each course on our website:

Find out more

Tuition Fees are subject to annual increases and the new rates will be published on our website as soon as they become available.

Please check our Fees and Funding web page for additional information to assist with your application to study at Swansea:

Find out more

FUNDING

There are now more ways than ever to fund your postgraduate studies. As well as the scholarships and bursaries that Swansea University provides, postgraduate funding is available from numerous organisations, including the Student Loans Company, research councils, industry and charities. Many postgraduate students fund their studies through 'portfolio funding', in which they gather funds from a variety of sources. Examples of the types of funding available include:

POSTGRADUATE GOVERNMENT FUNDING

Postgraduate government funding is available to all UK and eligible EU domiciled students (with settled or pre-settled status) studying master's and PhD level courses at a UK university. The method of application and amount you could receive is dependent on your country of domicile. You can find all the latest information on our website:

Find out more

SWANSEA UNIVERSITY MASTER'S SCHOLARSHIPS AND BURSARIES

We advertise a range of master's scholarships and bursaries throughout the academic year. All opportunities are listed on the following website, and are updated regularly:

INTERNATIONAL EXCELLENCE SCHOLARSHIPS

In recognition of the high calibre of many international students choosing to study at Swansea University and to reward academic excellence, we have launched the prestigious International Excellence Scholarships, offering up to £5,000 'to those studying on eligible postgraduate taught courses'. For further information, please visit:

Find out more

INTERNATIONAL ALUMNI POSTGRADUATE BURSARY SCHEME

International students who have successfully completed an undergraduate or postgraduate taught degree at Swansea University will be considered for a bursary (dependent on subject area) towards postgraduate tuition fees. The scheme is open to eligible candidates applying for a taught or research degree at Swansea University.

FACULTY SCHOLARSHIPS AND BURSARIES

Many of our academic faculties also offer additional scholarships and bursaries for taught and research programmes.

Scholarships and bursaries become available throughout the year and we advertise them on our website. You can be the first to know about the funding opportunities we offer by visiting:

MONEY ADVICE AND SUPPORT

The **Money Advice Team** provide guidance on all areas of student funding, including:

- Grants, loans, bursaries and welfare benefits
- Helping you to manage your money
- Supporting care leavers
- Opportunity Award
- Helping you to draw up a realistic budget
- Debt advice

Money Advice Team

INTERNATIONAL STUDENT SUPPORT FUND

We have also established a small fund to provide emergency assistance for international students who face financial difficulties not anticipated at the start of the course, and not within their control.

Find out more

CHARITIES, FOUNDATIONS AND TRUSTS

A large number of charities, foundations and trusts award funding for postgraduate study. Details can be found in The Grants Register (published by Palgrave Macmillan) and The Directory of Grant Making Trusts (published by the Directory of Social Change), both of which should be available in your university careers service and local library.

EARN WHILE YOU LEARN

There are plenty of part-time jobs to be found in and around Swansea, and the Careers and Employability team has information on a wide range of opportunities for temporary and part-time work, as well as summer and term-time internships.

Find out more

SUPPORT FOR CARE LEAVERS

We administer and deliver the Care Leavers Support Package, a comprehensive range of measures to help care leavers settle in and focus on their studies. Eligible postgraduate students can receive a postgraduate Care Leaver bursary which is a one off payment per course.

EMPLOYABILITY: CAREER DEVELOPMENT AND ENTREPRENEURSHIP

At Swansea, we're committed to helping you achieve a fulfilling and rewarding graduate career.

Our Careers and Employability team is here to connect you with business and industry, offering valuable networking and work experience opportunities. Alongside your studies, we'll help you build the career-ready skills and attributes that employers are looking for.

Our programmes are designed to reflect what businesses value, with many courses tailored to include relevant professional and commercial experience. Where possible, they're accredited by professional bodies.

With a long-standing history of working with industry across all sectors, we work to bring real-world value to your education.

INSPIRATIONAL TEACHING AND LEARNING

Our teaching is driven by the innovative research taking place across our faculties. All courses are informed by the latest developments and closely aligned with industry needs, ensuring you graduate with the knowledge and skills to succeed in your future career.

ENTREPRENEURIAL GRADUATES

We support students to build entrepreneurial and futureproof career skills, through tailored careers advice, funded internships, industry placements, and enterprise opportunities including start-up support, mentoring, workshops, competitions and business networking.

MEET SIMON AND MATTHEW, TWO MECHANICAL ENGINEERING POSTGRADUATES WHO TURNED THEIR RESEARCH INTO A START-UP

Air View Engineering was created by two Swansea University postgraduate students, with the goal of tackling the climate crisis. Their innovative CO_2 capture technology is the product of three years of innovation and development, designed to be scalable, modular, and rapidly deployable. With consistent support from the Swansea University Enterprise Team and over half a million pounds in grants, they have begun developing their first pilot facility. Resilience is key, but with a good idea, nothing should stop you from achieving your goals. Air View Engineering is proof that knowledge from your postgraduate degree can be applied to real-world problems to make a meaningful impact.

A World-Class

RESEARCH-LED UNIVERSITY

At Swansea, our research changes lives. We are not afraid to tackle large issues, and have made a positive impact globally in areas such as the climate crisis, preserving ancient monuments, and improving health. We have led on the UK's largest ever seagrass restoration project, used big data to reduce self-harm and suicide, and even developed buildings that generate, store and release their own energy.

Many of our researchers also teach on our courses, so you will benefit from their knowledge and experience as part of your studies. You could even become part of a research team, helping to explore, prevent and solve global issues.

IS A POSTGRADUATE TAUGHT DEGREE RIGHT FOR ME?

Yes, if you want to:

- ✓ Enhance your career prospects
- ✓ Acquire new and specialised skills
- ✓ Prepare for a research degree
- ✓ Develop your subject knowledge of your first degree subject
- ✓ Study an entirely new subject
- ✓ Improve your salary potential

Postgraduate

TAUGHT DEGREES

Postgraduate taught degrees offer an exciting academic challenge beyond undergraduate studies, demanding greater self-directed learning and a deeper understanding of your chosen subject. Our master's programmes blend engaging taught modules with assessed coursework, culminating in a compelling research project or dissertation.

With 120 credits from taught modules and 60 credits from your dissertation, you'll gain comprehensive knowledge and specialised expertise. Our courses include vital research and methodology skills, along with tailored departmental training to prepare you for advanced academic and professional pursuits.

Specialised training opportunities throughout the year enrich your learning experience. Additionally, you can achieve a Postgraduate Diploma with 120 credits or a Postgraduate Certificate with 60 credits.

At Swansea University, you can choose from a diverse range of postgraduate degrees, including MA, MSc, and LLM, either continuing your undergraduate focus or exploring new fields. Join us to advance your knowledge, enhance your skills, and open doors to exciting career opportunities.

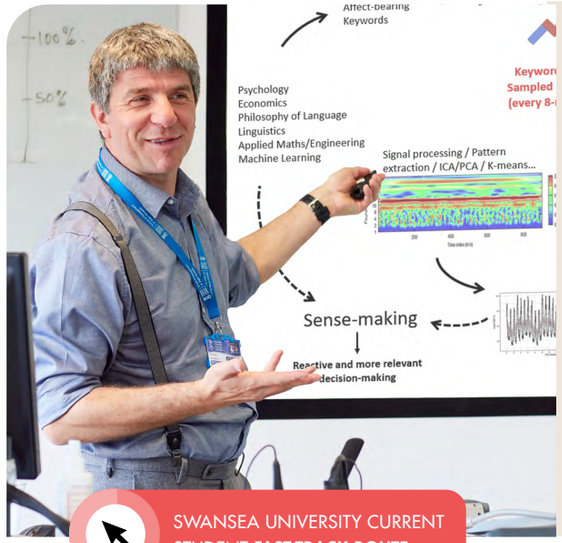

STUDENT SATISFACTION

93%*

POSTGRADUATE TEACHING

Postgraduate Taught Student Experience Survey 2026

*93% of postgraduate taught students stated that they were satisfied with the teaching on their course. Data based on 418 responses taken from PGTSES 2026 – an internal survey assessing the satisfaction of Swansea University's postgraduate taught students.

SWANSEA UNIVERSITY CURRENT STUDENT **FAST-TRACK ROUTE**

FAST-TRACK

If you're a current Swansea student in your final year of undergraduate study, you can apply for a master's degree via Fast-track.* Here are a few key benefits of applying through Fast-track:

- You won't have to submit references, academic transcripts or a personal statement
- Your application will be prioritised
- You'll receive a decision within 2 working days

*Eligible courses only. Full list available on the Fast-track webpage.
swansea.ac.uk/postgraduate/apply/fast-track

CONVERSION COURSES

If you want to change the direction of your studies or career path, you have the option as a postgraduate student to move away from the area you studied at undergraduate level by studying a conversion course. These courses allow graduates of any subject area to study a postgraduate master's course without any previous relevant qualifications.

We have a diverse selection of conversion courses available in finance, science, engineering, health science, medicine, law, business management, and arts and humanities.

POSTGRADUATE TAUGHT DEGREES
COURSE LISTINGS

CAN I STUDY PART-TIME?

Master's, Postgraduate Diplomas and Postgraduate Certificates can normally be studied on a full-time or part-time basis in a wide variety of subject areas. Before applying, we encourage you to contact the relevant academic department.

ASSESSMENT THROUGH THE MEDIUM OF WELSH

Cymraeg

You may present research work in the Welsh language if your supervisors are able to oversee work through the medium of Welsh.

91% OF OUR RESEARCH ENVIRONMENT IS WORLD LEADING OR INTERNATIONALLY EXCELLENT

(Research Excellence Framework 2021)

Postgraduate

RESEARCH DEGREES

Postgraduate research programmes offer an opportunity to develop an advanced, in-depth knowledge of your subject. Working under the close supervision of academic experts, you'll be supported to become a skilled independent researcher, producing original research that contributes to your wider subject area.

Swansea is home to a world-leading research community, with a strong focus on inclusivity and collaboration to achieve real-world impact. As a postgraduate researcher at Swansea you'll collaborate with world-renowned academics and research groups as well as having the opportunity to work with industry and external partners.

We offer a variety of research degrees including PhDs, professional doctorates and Master's by Research.

POSTGRADUATE RESEARCHER DEVELOPMENT

Our researcher development programme is designed to support research students to succeed during their studies, equipping them with the skills needed to carry out their research and the wider personal and professional skills to succeed in any future career.

Our programme is mapped to the Vitae Researcher Development Framework (RDF), meaning we align to UK and international best practice in researcher development on topics including research knowledge and practice, research management, engagement and impact, and research communities.

We offer workshops and online resources to develop your skills and knowledge, as well as opportunities to put these skills into practice and connect with other researchers via events and practical opportunities.

Find out more

APPLYING FOR A RESEARCH DEGREE

There are two main routes to applying for a postgraduate research programme:

1 PRE-DESIGNED PROJECTS AND STUDENTSHIPS

A pre-designed project will often be part of wider research undertaken by an academic or research group. These types of projects will usually have a defined title, fixed aims and objectives, and you'll normally be supervised by the academic that designed the project. Swansea University advertises a large number of these opportunities throughout the academic year in all subject areas. All available projects are advertised on our research scholarships webpages or on our self-funded PhDs page, with new opportunities added frequently.

2 SELF-DESIGNED PROJECTS

A self-designed PhD will take a little more effort and thought to get started, but you should ultimately end up with a project theme that truly excites and interests you. After coming up with an initial idea for a project, you will need to identify an appropriate academic supervisor. A good starting point is to find the University department with the areas of strength that are most relevant to your research. You can also search Swansea's directory of expertise to find an academic with research interests close to your own.

IS A RESEARCH DEGREE RIGHT FOR ME?

Yes, if you want to:

- ☑ Pursue a career in academia or research
- ☑ Explore an individual topic in depth
- ☑ Acquire extensive and specialised research skills
- ☑ Enhance your career prospects

RESEARCH DEGREES
COURSE LISTINGS

Your Postgraduate

RESEARCH COMMUNITY

Swansea is home to a thriving research community combining world-leading research with a welcoming, inclusive and collaborative ethos. Our Postgraduate Research Service coordinates and supports interdisciplinary postgraduate researcher activities across the University, ensuring that you have the best possible experience by providing access to funding and development opportunities, training and resources to develop your professional and research skills, and support for student-led events and activities.

As part of our commitment to supporting the very best researcher talent, we offer several fully funded PhDs across our flagship programmes: the Swansea University Research Excellence Scholarships (SURES) and Swansea University Strategic Partner Research Scholarships (SUSPRS). We also recognise and celebrate academic attainment through the James Callaghan awards, providing current Swansea research students funding to further their research.

As a world-leading research institution, we are part of several prestigious UKRI-funded doctoral initiatives. We bring together experts and support our doctoral students to become the leading researchers of tomorrow, offering additional development opportunities such as international study or work, and placements with industry partners.

CELEBRATING OUR POSTGRADUATE RESEARCH COMMUNITY

Our annual Postgraduate Research Showcase provides opportunities for research students to showcase their research and connect across disciplines, while developing valuable engagement and communication skills. The event is home to the university-wide postgraduate research poster competition and the Swansea final of the Three Minute Thesis competition which challenges researchers to communicate their research in just three minutes.

UNDERGRAD TO *Postgrad*

Some of our current students share their experiences of transitioning from undergraduate to postgraduate study:

There's lots of benefits to staying with us in Swansea to study your postgraduate degree:

1. You'll already be familiar with the University, its campuses and surrounding areas.
2. Having already studied with us, you'll know all the best places to live, study, eat or relax!
3. You'll still be able to access the extensive range of services offered by departments such as the Careers and Employability team, Centre for Academic Success and Hwb.
4. You may already know several of your postgraduate coursemates, and you may even be able to continue living with former flatmates.
5. Swansea's range of conversion courses allow you to study for your postgraduate degree in a completely new subject area.
6. If you choose to study in the same subject area, you can continue to build on your working relationship with academic lecturers and mentors, further developing your specialist knowledge.
7. As a current Swansea student, you'll complete a much shorter application form for your chosen master's* course via Fast-track.

* Course restrictions apply

SWANSEA UNIVERSITY CURRENT STUDENT **FAST-TRACK ROUTE**

MEGAN SALTER

PhD Politics and International Relations

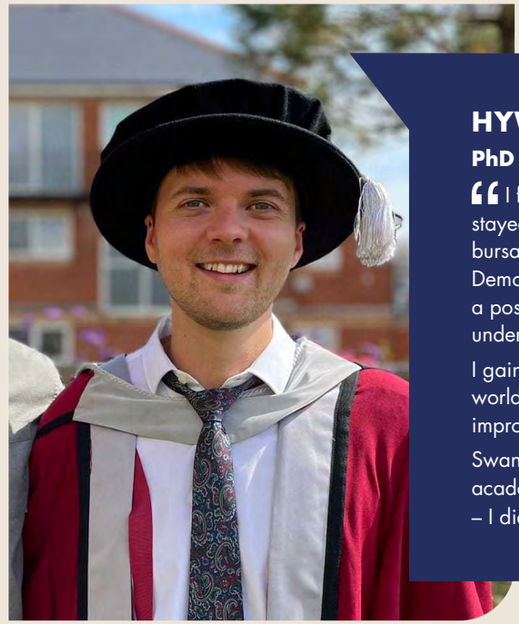

"The encouragement, opportunities, and supportive environment I experienced during my undergraduate degree at Swansea made continuing to postgraduate study feel like the natural next step. Through developing close relationships with lecturers, becoming immersed in the University's wider research community, and discovering a genuine passion for academia, I felt supported to pursue opportunities I had never previously thought possible. This gave me the confidence to apply for, and secure, a prestigious scholarship that has enabled me to continue my academic journey through a master's degree and now a PhD. Remaining at Swansea wasn't simply a decision to continue studying; it was a decision to remain part of a community that has continually supported and inspired me, shaping both the researcher and the person I have become."

HOPE HENRY

Medicine Graduate

"I chose to stay at Swansea for Graduate Entry Medicine because of my excellent experience in my first undergraduate degree here. Swansea offers Graduate Entry Medicine, rather than undergraduate Medicine, which allows you to meet people from all walks of life, who all bring a unique set of skills to the table. Swansea's course also has an excellent reputation, including the spiral curriculum, early clinical exposure and welfare support. There is such a welcoming, friendly atmosphere around the campuses, between staff and students alike. It is diverse and vibrant university, meaning that Swansea can serve as a home from home for anyone and everyone."

HYWEL EVANS

PhD Physics graduate

"I finished my MPhys Physics integrated master's degree and stayed in Swansea for a PhD in an antimatter lab. I secured a bursary to fund my studies and worked as a Postgraduate Demonstrator for teaching experience and additional funds. Being a postgraduate researcher required more time commitment than my undergraduate studies and prepared me for full-time employment.

I gained practical skills and presented at conferences around the world, including Belfast, Dundee, Geneva, and Belgrade, which improved my abilities and success in job interviews.

Swansea University had all the tools I needed to succeed academically and is so close to great parks and beaches – I didn't want to study anywhere else."

MAKE YOURSELF *At Home*

As a postgraduate student joining the Swansea University community, we want to help you find a place you can call home. Our postgraduate accommodation offers a comfortable and convenient base throughout your studies, with options available at Bay Campus, Singleton Park Campus and Beck House in the nearby Uplands area. Contract lengths are designed to match the duration of your programme, with many postgraduate students requiring a 51-week contract.

BAY CAMPUS

Bay campus is one of the only university campuses in the UK with direct access to the beach and its own seafront promenade. The types of accommodation include twin rooms, medium en-suites, premium en-suites, wheelchair-accessible rooms, twin rooms, and one or two-bed flats. Accommodation is open to students on any course.

SINGLETON PARK CAMPUS

All Singleton Park Campus residences are within walking distance of the park, Swansea Bay Sports Park, Singleton Hospital and Swansea Bay. These residences offer a choice of self-catering en-suite rooms, standard rooms, and standard rooms with a catering allowance.

Bay Campus and Beck House accommodation offers 51-week contract lengths

Supporting YOU

Dedicated support for you as a postgraduate student

Hwb – How can we help?

Hwb offers information and guidance on any aspect of student life from enrolment to graduation. The team also provides advice, guidance and referrals for all your support requirements during your time at Swansea University. You can visit our experienced and friendly teams on Singleton Park and Bay Campus.

- Specific skills training programmes for postgraduate taught and research students
- Additional support for mature learners/students with caring responsibilities
- On-campus nursery providing flexible childcare options
- Dedicated postgraduate Students' Union Officers

Find out more

Swansea University Prifysgol Abertawe | Hwb

HEALTH

University dental care offers a full range of NHS and private treatments to students. Dentist and Doctors' surgeries are located on Singleton Park Campus.

DISABILITY OFFICE

Ensuring the same student experience for all. The Swansea University Transcription Centre (SUTC) for example, is a dedicated transcription service which provides accessible learning resources to print for disabled students.

WELLBEING SERVICES

A range of free student services to look after your wellbeing, including: a mental health support service, LGBTQ+ support, meditation, a listening service and bereavement support delivered by our friendly staff.

MONEY ADVICE TEAM

Are always on hand to help you max your cash and keep your finances in check.

Go Global

Swansea University recognises that enhancing its future graduates' employability has never been more important. As more and more businesses recruit from a global talent pool, it is vital that you stand out from the crowd with additional skills.

Employers acknowledge the value of international experience, and students who spend time abroad develop and demonstrate the qualities that employers seek: global and intercultural awareness, maturity, confidence and adaptability to new environments and challenges.

Spending time abroad:

- Rewards you with an international outlook and experience
- Enables you to gain confidence and become more self-reliant
- Helps you develop independence and initiative

See our website for more details

swanseauniglobal

#SwanseaUniGlobal

As a Swansea University student, there are opportunities to gain international experience through our variety of non-credit bearing cultural, volunteering and study programmes during the summer.

Find out more

Additionally, some students may have the opportunity to spend a period overseas as part of an extended master's programme. Details of these options are available on specific course pages.

There are a range of funding opportunities available to support students who choose to go abroad – please refer to our website for the latest information.

STUDENT *Experiences*

Sunday Obazie

Sunday Obazie spent a semester abroad at The Bush School, Texas A&M University as part of the Extended Masters in International Relations.

"As an International Relations student, travelling to the USA and studying at Texas A&M University was an amazing opportunity. The experience truly broadened my horizons, allowing me to discover how different the culture and the people are compared to the UK and Nigeria, where I am from. Alongside my studies, I was able to experience American culture firsthand, attending football games, exploring local cuisine and making new friends."

WELSH-MEDIUM *Opportunities*

Swansea University offers a range of opportunities to study through the medium of Welsh at postgraduate level. If you have already experienced studying in Welsh as an undergraduate, progressing to postgraduate study through the language is a natural next step. We actively encourage students to continue their academic journey in Welsh and take advantage of the opportunities available.

Your academic work can be submitted and assessed through the medium of Welsh across all subject areas and you will receive support from a Welsh-speaking personal tutor.

ACADEMI HYWEL TEIFI

The University's Academi Hywel Teifi is a centre of excellence and gives Welsh-speaking students, or those keen to learn the language, the opportunity to study courses through the medium of Welsh and can significantly increase graduate employment prospects in the process. Welsh-medium academic support is available to help you develop your academic skills and achieve your goals. Beyond your studies, there are also Welsh opportunities that will help you develop essential skills for the workplace.

SWANSEA UNIVERSITY BRANCH OF THE COLEG CYMRAEG CENEDLAETHOL

Swansea University works in partnership with the Coleg Cymraeg Cenedlaethol and the University's branch is situated within Academi Hywel Teifi. Its main aim is to provide students with assistance and support to study and socialise through the medium of Welsh. The Coleg Cymraeg Cenedlaethol Research Scholarships Scheme supports students studying for a doctorate through the medium of Welsh. Recent Coleg Cymraeg Cenedlaethol funded PhDs at Swansea University include Biomedical Sciences, Chemistry, Geography, Pharmacy, Psychology, Translation and Welsh.

WELSH LEARNERS

Would you like to learn or improve your Welsh whilst studying? There are a range of fun and rewarding courses available – from short beginners' classes up to proficiency level. We also offer courses for Welsh-speakers who want to improve their Welsh skills. You can learn in a virtual classroom, or in person, during the daytime or evening. If you're aged 18-25, it's easier than ever to learn Welsh. For students who are over 25, it's possible to claim a 40% discount when registering for a course.

Ruby Cradle,
WELSH AFFAIRS OFFICER
2026/27

Being elected as the Students' Union Welsh Affairs Officer has provided me with a seamless transition into my professional career following my studies.

My degree in English Literature, alongside my extracurricular commitments such as the GymGym (Welsh Society), has provided me with insight into both the English and Welsh focused communities across the University. I am passionate about bringing students from all backgrounds together and encouraging them to engage with the Welsh identity and culture that we proudly celebrate at Swansea.

My main priorities for the next year are not only to promote the Welsh language and culture as a positive and integral part of Swansea University life, but also to increase their visibility, ensuring that students have opportunities to engage with Welsh culture and traditions.

I appreciate how fortunate I am to have this opportunity having just graduated. Representing Welsh students and ensuring that the Welsh language continues to gain an increasing visibility and foster an inclusive community across all aspects of the Swansea student experiences is something that I am incredibly eager to do!

MY LANGUAGE *Rights*

You have a legal right to receive services in Welsh. These rights have been created as a result of setting 'Standards' on the University.

Students' UNION

Robbie Richards
SU PRESIDENT 2026/27

SWANSEA UNIVERSITY STUDENTS' UNION
UNDEB MYFYRWYR PRIFYSGOL ABERTAWE

Shwmae pawb! (That's Welsh for Hi everyone!)

I'm Robbie, your Students' Union President for the 2026/27 academic year. It's a real privilege to step into this role, and I'm excited about what we can achieve together.

This year is all about making sure students are at the centre of every decision. My role is to represent your views, challenge where things need to improve, and work with the University to create meaningful change.

Having previously served as your Sports Officer, I've had the chance to connect with students across campus and see what makes a real difference to your experience. Whether it's opportunities to get involved, access to support, or building a stronger sense of community, I'm committed to pushing these areas forward.

I'll be working with a team of full-time and part-time officers who bring a wide range of ideas, energy, and passion. Together, we'll focus on delivering changes that improve everyday student life.

We'll continue to strengthen the support available to you, including through our independent Advice and Support Centre, while also working to create a more inclusive and engaging campus environment.

Most importantly, this is your Students' Union – and we want you to feel part of it. Let's make this a year where your voice leads the way.

*Green Impact is a UNESCO award-winning programme designed to support environmentally and socially sustainable practice within organisations.

SUPPORTING YOU

Our full-time officer team run campaigns throughout the year to raise awareness of important issues, and initiatives to support you! Here are just a few:

Study Aid: Free services to help you get through intense study periods (including a visit from cuddly pups).

Liberation: We want everyone to feel safe, welcome, and included at Swansea. So, we run campaigns throughout the year on topics such as Black History, LGBTQ+ Pride, Disability Awareness, and Trans Rights to educate the wider student community and make our campuses as inclusive as possible!

Movember: During Movemeber we mobilise a community of students who make a difference by fundraising and promoting awareness of mental health and suicide prevention, prostate cancer, and testicular cancer. This is one of our biggest campaigns and is always a whole-university spectacle.

If you want to follow us to see what it's like being a student at Swansea, we're on:

@swanseasu

A visit from cuddly pups

SWANSEA UNIVERSITY STUDENTS' UNION OFFERS:

- Over 150 societies and 50+ sports clubs
- Union Collective; a platform for helping students with funding and resource to take your business ideas off the ground
- An Advice and Support Centre helping with everything from landlords to academic disputes
- An on-campus nursery that's flexible around students' lectures
- A voice for the students at the University, ensuring student views are heard at every level

SPORT FOR ALL – BE PART OF IT!

At Swansea University, we are passionate about supporting students to thrive and flourish in every aspect of their lives, and offer sporting opportunities for all, whether you are an aspiring athlete, a sport enthusiast, or just want to get fit and healthy.

INTRAMURAL SPORT

Our Intramural Sport programme offers fun, organised competition between Swansea University students through a range of on-campus leagues and tournaments. Open to all abilities, it's a great way to enjoy competitive sport in a friendly and welcoming environment. Join as an individual or with a group of friends to connect through sport, meet new people, and take part in a growing range of sporting activities.

SPORTS CLUBS

Whether you're interested in swimming, sailing, archery or golf, there's something for everyone at Swansea University. Whatever your level, whether beginner, intermediate or elite, our 56+ clubs offer fantastic opportunities for everyone to participate in club sport.

HIGH PERFORMANCE PROGRAMME

Our Performance Sports programmes in rugby and swimming offer an elite training and competitive environment for student athletes, each delivered in conjunction with a professional sports club, or national governing body. Each sport receives high performance coaching, sports analysis services, athlete lifestyle management, physiotherapy, and strength and conditioning support.

SPORTING SCHOLARSHIPS & TALENTED ATHLETE SCHOLARSHIP SCHEME (TASS)

We offer sport scholarships to highly talented student athletes, with financial benefits of up to £2,000 per year and tailored support packages which may include strength and conditioning coaching, physiotherapy, sports psychology and nutritional advice, all delivered by qualified practitioners. Additional benefits may include free facility membership, career development guidance and a campus parking permit.

GYM MEMBERSHIP

As part of a balanced and healthy lifestyle at Swansea University, students can join the gym and secure several benefits at a reduced price, including:

- Access to gym facilities on both Bay and Singleton Park campuses
- Fitness classes
- Discounted rates for facility hire for members

OUR SPORTING FACILITIES

Swansea University offers state-of-the-art health and fitness facilities for students at Swansea Bay Sports Park located close to Singleton Park Campus and Bay Campus. Both campuses have an extensive range of equipment, exercise classes and indoor and outdoor activities to help you reach your goals.

The 50m National Pool, available to all, has been used by athletes preparing for Olympic and Paralympic games and is currently home to Swim Wales' high-performance programme. Our football teams have access to a world-class training facility at Fairwood which serves as the main training ground of Swansea City Football Club. The University is also home to the Shed, a high-end strength and conditioning facility for elite athletes and teams, which has been used by the New Zealand All Blacks as a Rugby World Cup training base.

Our world-class sporting facilities include:

- 50m Wales National Pool Swansea
- Athletics track and field
- Cycle hire and running routes
- Indoor athletics track
- Multi-purpose sports halls and outdoor games areas
- Playing fields
- Tennis courts
- Water-based Astroturf pitches

EMBEDDING SUSTAINABILITY INTO *University life*

Green Flag Award Gwobr Y Faner Werdd (2026/27)

At Swansea University we are blessed with a diverse range of habitats, including beaches, woodlands, and parks, and are passionate about sustainable development that benefits our local community, the UK, and the wider world.

As a student, there are plenty of opportunities for you to get involved with practical conservation. You can help keep these areas special by joining our regular beach cleans, volunteering sessions and wildlife monitoring. As well as helping the environment, you'll learn new skills and meet new friends along the way.

Find out more about getting involved

"With our waterfront campuses and surrounding parks and habitats, we aim to encourage our students to reduce collective and individual impacts on the environment and reward them for helping us achieve this.

Our sustainability engagement app, SWell, allows students to earn 'Green Points' for taking positive actions. This includes supporting wildlife, choosing a low carbon transport type, taking steps to improve your mental wellbeing, plus lots more. The top points earners every month win a voucher for a sustainable retailer, a reward that we hope will improve our students' everyday sustainability and incentivise others to take action. Since launching the app in 2021, staff and students have recorded 288,095 actions resulting in a saving of 556,423.5kg of CO_2e.

What impact could you make?"

SWell

Teifion Maddocks
Swansea University,
Sustainability Manager

#WeAre International

See How to Apply

We have a thriving international community with students from all over the world choosing to study with us. The vibrant mix of nationalities and cultures on campus greatly enriches our learning and teaching environment.

We understand the type of support our international students need to settle into student life in a new country and strive to provide a high-level of advice and service to make sure that this happens.

SCHOLARSHIPS

Swansea University offers a range of scholarships for international students. We are proud to support the Chevening Scholarship Programme. We recognise the ambition and talent of many international students by offering an International Excellence scholarship (up to £5,000) for postgraduate study. For details of all our international scholarship opportunities.

POSTGRADUATE PATHWAYS

thecollegesuni thecollegeSUni thecollegesuni

Applications are made directly to The College. Apply here

Swansea University Prifysgol Abertawe | The College y Coleg

A postgraduate pathway is known as a Pre-Master's. These are designed to bridge the gap between your academic qualifications and Swansea University's master's level entry requirements.

The College, Swansea University specialises in developing and delivering pre-master's programmes which provide progression to a number of Swansea University master's programmes. From day one with us, you will be fully integrated into life at Swansea University as our dedicated academic building is found on the Bay Campus.

The postgraduate pathway is designed for students who:

- Require additional English language training
- Come from an academic background different to that of the UK and do not meet university direct-entry requirements
- Have been away from studies for a period of time
- Are looking to fine-tune skills already gained during their undergraduate studies or employment

The language of instruction at The College, Swansea University is English. To gain entry into the postgraduate pathway you must be able to demonstrate you have a suitable level of English proficiency. For further details, contact our team:

Contact us

If you do not meet the English language requirement for direct entry to your chosen pathway, you can receive the required amount of English language tuition to prepare you for successful entry at a later date. English language training is delivered by the University's English Language Training Services (ELTS) with multiple entry points throughout each year.

For a full list of countries and entry requirements, visit:

Find out more – Admissions Entry Requirements

PRE-MASTER'S

This is stage one of the postgraduate pathway. It is one, two or three semesters long, depending on your chosen pathway and qualifications (English language and academic) at the point of entry. This programme is available in the areas of languages, politics and culture, engineering, children and young people, management, accounting and finance, and computer science. The pre-master's programme allows you to adjust to the rigorous research and independent study requirements of a postgraduate degree.

The Pre-Master's programme will:

- Help you develop fundamental knowledge and an understanding of the basic principles relevant to your particular degree
- Help you develop numerical techniques, research methodologies and ICT, presentation and communication skills
- Help you develop your intellectual and practical skills, building to a set of transferable skills that will support you in your onward academic studies, careers and decision-making
- Ensure you have attained the prescribed level of interdisciplinary language competence

MASTER'S

The master's degree is stage two of the postgraduate pathway, and is taught by Swansea University.

POSTGRADUATE PATHWAYS ARE AVAILABLE IN THE FOLLOWING SUBJECTS:

- Accounting and Finance
- Children and Young People
- Computer Science
- Engineering
- Languages, Politics and Culture
- Management
- Public Health and Management

JOIN OUR OUTSTANDING *Alumni*

At Swansea University, we cherish the sense of belonging that comes with being part of our vibrant postgraduate community. We take immense pride in the achievements of our graduates, who have gone on to become business leaders, sporting champions, and pioneers of ground-breaking research. Join us today and become a valued member of our postgraduate community at Swansea University.

GARETH EVANS

MEng Electronic and Electrical Engineering. Class of 2000.

FOUNDER, LUMISHORE.

See Gareth's full profile

"When I started looking at university possibilities, I could see that Swansea had a good engineering department. I wanted to get into engineering, so it seemed to fit perfectly and still allowed me to enjoy all the outdoor activities that I had been brought up with.

I went to one of the Swansea University Open Days and I liked the fact that it seemed there were quite a few practical elements to the course. They had a really good lab facility. It was hands-on, real-world stuff, making PCBs (Printed Circuit Boards) for whatever project you'd come up with right from scratch."

LISTEN TO OUR INTERVIEW WITH OLU:

Podcast

OLUWASEUN OSOWOBI

MA International Relations. Class of 2012.

CAMPAIGNER, COMMONWEALTH YOUNG PERSON AWARD WINNER, OBAMA FOUNDATION LEADER IN AFRICA.

See Oluwaseun's full profile

"As a master's student at Swansea University, I was keen on not only gaining academic experience, but also professional experience. I was able to get a job within the Faculty of Humanities and Social Sciences as well as in other formal work sectors. Since graduating, the proudest moment for me has been founding the 'Stand To End Rape Initiative', experiencing the joy in the faces of the survivors we have worked with. There is an innate sense of accomplishment when the organisation removes a victim from an abusive situation. It feels great to have been honoured as a Commonwealth Young Person of the Year 2019 and an Obama Foundation Leader in Africa."

ELOISE WILLIAMS

MA Creative and Media Writing. Class of 2011.

CHILDREN'S AUTHOR AND FIRST CHILDREN'S LAUREATE WALES.

See Eloise's full profile

"I've always liked Swansea. I'd spent lots of time working in the theatre there and I loved the area. I was also really drawn to the MA course because there was such a wide range of forms studied. I knew I'd be able to try my hand at screenwriting and fiction, poetry and plays. At that time, I had no idea which area of writing I would choose to specialise in, so it suited me because of its variety. My favourite memory of my time at Swansea is the library. Once I found my way around, I practically decided to live in it. I also formed some really good friendships at an age where I thought I'd already made all my friends."

BEN EVANS

PhD Aerospace Engineering. Class of 2008.

AIR BENDER, SPEED DEMON, RECORD BREAKER.

See Ben's full profile

SEE MORE ALUMNI STORIES

"I discovered that there was a world-leading research group in engineering computational modelling at Swansea's Engineering department, so in my final year of studying at Cambridge I started exploring options for postgraduate studies at Swansea. At the time I was studying, there was a great cohort of PhD students doing research in similar areas. Some of the friendships that I made during my four years as a student were really important. A few of us were quite disciplined with early starts and we would aim to be in the office for 7am every morning in the summer and then finish work mid-afternoon and head to the beach to surf.
I really miss those days!"

MAKING AN *Application*

APPLICATION PROCESS

You can apply via our Learner Gateway portal for most of our taught and research courses:

Apply Online

When we receive your application, we will:

- Make sure that you meet our entry requirements
- Check that you have the experience and skills necessary to study the subject
- Look for evidence of your achievements, commitment and motivation

You can track your application journey at each stage of the process.

Some courses have a different application process. Please visit our website to find out how to apply for your chosen programme:

Application Process

WHAT QUALIFICATIONS DO YOU NEED?

To study a postgraduate course at Swansea you will normally need an appropriate honours degree or postgraduate qualification. Relevant work experience can be taken into consideration for entry to some of our taught courses. Please see the course listings for detailed entry requirements.

When submitting an application, don't forget to include:

- Copies of your academic transcripts to date
- A copy of your degree certificate (if awarded)
- An approved English language qualification (if required)
- Your research proposal (for research degree applications)
- Your full CV
- Personal statement

Some courses require candidates to provide additional written work to support an application.

Once we have received your application and supporting documents, we try to make a decision (or issue an invitation for interview) within 5 working days for taught applications and 15 working days for research applications.

YOUR APPLICATION DECISION

Once we have considered your application, you will receive an email advising you to log in to your Learner Gateway portal to view one of the following decisions:

- a conditional or unconditional offer of a place
- an invitation to interview
- a notification advising you that we are unable to offer you a place

Offer letters are always issued by the University's Admissions Office, on behalf of the relevant academic department. Our terms and conditions of offer will be attached.

If you have a disability, medical condition, or a specific learning difficulty, you will be invited to contact the University's Disability Office or Wellbeing Service so we can be sure that we are able to give you the support you need throughout your studies.

DATES AND DEADLINES

All departments have closing dates for their courses. We recommend that you submit your applications as early as possible to allow yourself time to make necessary arrangements. Please take note of scholarship deadlines as many of our scholarships and bursaries have closing dates earlier than the application deadline dates. Please visit our website:

Application Deadlines

ENROLMENT

Information about enrolment will be sent to you before you start your studies. Enrolment for taught courses takes place in September and January, and for research degree programmes in October, January, April and July. All students are required to comply with the University's enrolment procedures and observe the University's General and Academic Regulations. Please see:

Academic Regulations

OUR ADMISSIONS POLICY

The University welcomes applications and enquiries from people regardless of age, ethnic or national origins, race, religion, gender, sexual preference, marital status, family responsibility, physical or sensory disability, and political or religious beliefs and activities, unless those activities are unlawful or contrary to the policies of the University. The University treats all applicants on their individual merits. Full details of our policies can be found at:

Admissions Policies

NOTES FOR INTERNATIONAL STUDENTS

We welcome applications from applicants around the world and we are happy to advise you on whether your qualifications are suitable for entry to the course you would like to study. Details of entry requirements for your country can be found at:

Entry Requirements

A full list of acceptable English language tests and qualifications can be found at:

English Language Requirements

We also offer our own high-quality English language training and English test for offer holders (SWELT):

English Language Training Services

RESEARCH DEGREES
COURSE LISTINGS

TAUGHT DEGREES
COURSE LISTINGS

Taught Master's

APPLICATION TIMELINE

Whether your course starts in September or January, it's good to start thinking about postgraduate study options at least six months before the course starts.

01

START PLANNING

Are you thinking about continuing with your current subject or studying something completely different? You may also want to think about whether a taught course or a research programme is right for you. It's a good idea to contact your referees and prepare a personal statement before starting your application.

Our postgraduate open day events give you the opportunity to explore all of your options at our beachside campuses.

Find out more:

Postgraduate Open Days

02

APPLY AND RECEIVE OFFER

You can apply directly to Swansea University for most of our postgraduate courses (with some exceptions). You can also find out if you have been offered a place to study on your chosen course, usually within 5 working days.

You can apply by the end of July (for September entry) and end of November (for January entry) at the latest. Don't leave it too late as you may miss scholarship opportunities.

Apply Online

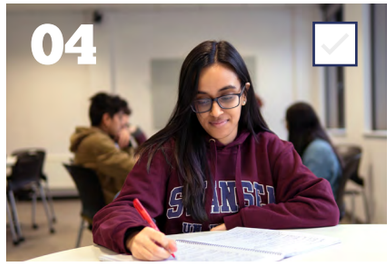

03

ACCEPT OFFER

Let us know within 28 days whether you'd like to accept your offer to ensure you secure a place on your chosen course.

04

APPLY FOR FUNDING

We offer a range of postgraduate scholarships in all subject areas, as well as alternative sources of funding. Applications for student finance usually open in May or June for the forthcoming academic year.

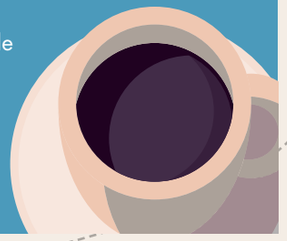

06 RESULTS

If you're sitting any exams, please send us your results and if you meet the terms of your offer, your place to study at Swansea University will be confirmed. You will also find out if you have been successful with any university scholarship applications you may have made.

05

GET READY

You may want to start considering where you would like to live whilst studying with us. There's a range of flexible university and private accommodation options available in Swansea.

07

ENROL

Before you arrive in Swansea, you will receive full instructions about the enrolment process. All postgraduate students can also attend a faculty induction event – a great opportunity to meet new friends!

Applying

FOR A PHD?

You can start your PhD at Swansea University in October, January, April or July. Give yourself 3 to 6 months to plan and research before submitting your application.

At Swansea, we offer two main types of PhD project:

- Those that are pre-designed by an academic (more common in science and engineering subjects)
- Those that you design yourself

Pre-designed project

A pre-designed project will often be part of wider research being undertaken by an academic or research group. These usually have a defined title, fixed aims and objectives, and you'll normally be supervised by the academic that designed the project. Swansea University advertises a large number of these opportunities throughout the academic year in all subject areas.

FUNDING

Research scholarships at Swansea University usually provide funding for the duration of your studies.

There are also PhD loans available through Student Finance England and Student Finance Wales.

APPLICATION

Applying is straightforward – you'll just need to follow the instructions on the project advertisement.

These will usually have a specific application deadline, so allow yourself plenty of time to complete any paperwork and gather references if required.

Self-designed project

A self-designed PhD will take a little more effort and thought to get started, but you should ultimately end up with a project theme that truly excites and interests you.

CONTACT POTENTIAL SUPERVISORS

After coming up with an initial idea for a project, you will need to identify and contact an appropriate academic supervisor.

A good starting point is to find the University department with the areas of strength that are most relevant to your research. You can use Swansea University's online directory of expertise, speak to your current supervisor, attend a study fair or a postgraduate open day.

FUNDING

There are various ways to fund your PhD, including loans available through Student Finance Wales and Student Finance England.

Find out more

APPLICATION

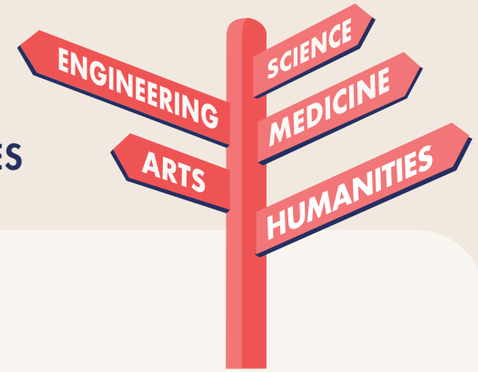

Once you have identified a potential supervisor for your own research idea, you'll need to contact them prior to submitting a formal application. Academics welcome informal approaches from prospective students and will also be able to help shape your research proposal. Do your research before you submit and take your time preparing. Good luck!

Guide to

POSTGRADUATE DEGREES

DEGREE TYPES

DBA	Doctor of Business Administration
DProf	Doctor of Professional Studies. A DProf is for advanced practitioners. With the successful completion of the examination, you will be awarded a doctorate and can use the title 'Doctor'.
EdD	Doctorate in Education
EngD	Engineering Doctorate
LLM	Master of Laws
MA	Master of Arts
MBA	Master of Business Administration
MBBCh	Bachelor of Medicine and Bachelor of Surgery
MD	Doctor of Medicine
MEng	Master of Engineering
MPAS	Master of Physician Associate Studies
MPhil	Master of Philosophy
MRes	Master of Research
MSc	Master of Science
PGCert	Postgraduate Certificate
PGDip	Postgraduate Diploma
PhD	Doctor of Philosophy. A PhD is the doctorate-level degree awarded in a variety of different disciplines.

Research Degrees

A

Aerospace Engineering, MSc by Research

Aerospace Engineering, PhD/MPhil/PhD Distance Learning

American Studies, MA by Research

American Studies, PhD/MPhil/PhD Distance Learning

American Studies, Collaboration with the University of Central Oklahoma, Joint PhD

Ancient History, MA by Research

Ancient History, PhD/MPhil

Applied Linguistics, MA by Research

Applied Linguistics, PhD/MPhil/PhD Distance Learning

Applied Physics and Materials, MSc by Research

B

Behavioural Ecology and Evolution, MRes

Bio-process Engineering, MSc by Research

Biochemical Engineering, PhD/MPhil

Biochemistry and Mass Spectrometry, PhD

Biodiversity and Ecosystems, MRes

Biological Sciences, PhD/MPhil/PhD Distance Learning

Biomedical Engineering FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Time spent at both universities)

Biomedical Engineering FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Biomedical Engineering FSE, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Biomedical Engineering, PhD

Biomedical Sciences FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Time spent at both universities)

Biomedical Sciences FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Biomedical Sciences FSE, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Time spent at both universities)

Biomedical Sciences FSE, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Biosciences, Integrated PhD with University of Bristol

Business Management, MSc by Research

Business Management, PhD/MPhil/PhD Distance Learning

Business Management, Swansea University and Universite Grenoble d'Alpes Double PhD

C

Cancer and Genomics, PhD

Cardiovascular and Metabolic Medicine, PhD

Chemical Engineering, MSc by Research

Chemical Engineering, PhD/MPhil

Chemical Engineering, Collaboration with Nanjing Technical University, Joint PhD

Chemistry, PhD/MPhil/MSc by Research/PhD Distance Learning

Chemistry, Swansea University & University of Rennes, Joint PhD

Children and Young People, PhD/MPhil/PhD External overseas or UK

Civil Engineering, MSc by Research

Civil Engineering, PhD/MPhil/PhD Distance Learning

Classics, MA by Research

Classics, PhD/MPhil

Clinical Education, PhD

Computational and Data FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Time spent at both universities)

Computational and Data FSE, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Time spent at both universities)

Computational and Data Science FMHLS, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Computational and Data Science FSE, Swansea University & Houston Methodist Research Institute, Texas, Collaborative PhD (Wholly overseas)

Keeping In Touch

Swansea University's Alumni Network offers lifelong connection and support for its graduates. With over 205,000 members worldwide, it spans various sectors including industry, commerce, sports, and public service. Whether leading multinational corporations or entrepreneurial ventures, alumni contribute globally. This diverse network fosters connections and opportunities both locally and internationally, enriching your professional journey.

FOLLOW US TO FIND OUT MORE: @swanseauni @swanseauniversity

The following message contains some very important information. This prospectus was produced in the summer of 2026. It contains information on the postgraduate programmes that Swansea University intends to run for students who are planning to start university in January 2027 and September 2027. We have taken every reasonable steps to provide the services (including the programmes) described in this prospectus at the date of publication.

However, some changes, for example to: programmes, delivery of teaching, study location, international opportunities and destinations, facilities or fees may become necessary due to legitimate staffing, financial, regulatory and academic reasons.

Should industrial action, external factors beyond the control of the University or government legislation and/or guidance interfere with its current ability to provide the services (as at the time of publication), the University will take all reasonable steps to minimise any disruption to the services. As at the time of publication it is an ever changing landscape which we shall continually/periodically review.

We will endeavour at all times to keep any necessary changes to a minimum and to keep prospective students informed appropriately. Any changes to the information contained in this prospectus will be updated on our website: **swansea.ac.uk/postgraduate**

We encourage students to visit our website to identify any updates to the information outlined in this prospectus, prior to making an application.

Alternative formats, are available upon request, please contact: **creativeproduction@swansea.ac.uk**
